

CableServ® Antec LEM-87, Mid/High-Split Kit

Product Description

To provide an easy and cost-effective transition from legacy 42-54 MHz band splits, CableServ® offers Mid or High Split solutions.

The Antec LEM-87 Band Split kit consists of new diplex filters and new/upgrade Downstream Response Correction board. CableServ® provides an assortment of Upstream Equalizers.

CableServ® offers training assistance to cable systems in the installation and set-up of this mid-split kit.
